Model: TC40

## Direct Oil Fired Industrial Portable Heaters

Imported and distributed by Thermobile UK Ltd.

Heat Outputs 20.12 to 42.96kW (69,160 to 148,000 Btu/hr)

- ✓ Robust, compact design
- ✓ High efficiency combustion
- ✓ Stainless steel combustion chamber
- ✓ Safety shutdown on flame/fan failure and overheat

Not suitable for domestic use. When in use, adequate fresh air ventilation must be provided.

# Direct Oil Fired Industrial Portable Heaters

Portable heaters are specifically designed to provide an instant, reliable and efficient source of heat to the industrial, agricultural, commercial and construction sectors. Their main applications include heating of warehouses, workshops, garages, factories and transport terminals. They can also be used for drying and curing materials in the building industry. These heaters offer high performance, reliability and efficiency with an after sales service and spare parts backup.
