

COOLMOBILE C72 - C145 | Mobile cooler

C72

FEATURES

- Robust and compact cooler.
- Operating temperatures are between: +25 and +45 °C (C72), +25 and +50 °C (C145).
- 2 models with a capacity of 21 and 42 kW.
- Available for outdoor use with suitable rain protection.
- Air transport through flexible hoses.
- Reduces the humidity of the circulating air from inside.
- Self-regulating operation through built-in thermostat.

APPLICATIONS

Cooling of tents, showrooms or field hospitals.

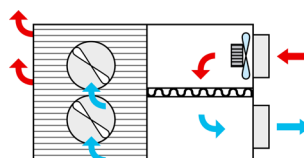

C145

ADVANTAGES

- Easy to transport and flexible in use with forklift slots.
- Simply connect the device and the Coolmobile is ready for use.
- Both models are equipped with road wheels.
- Built-in timer.
- Instant cooling.
- Great mobility.
- Multiple airflows possible (only with C145).

WORKING PRINCIPLE

Heatpumpsystem.

TECHNICAL SPECIFICATIONS

COOLMOBILE 220 SERIE	C72	C145
Cooling capacity (kW)	21.1	42.5
Airflow (m³/hr)	3042	6000
Power consumption (A)	17.4	30
Voltage (V/ph/Hz)	380/420	380/420
Refrigerant type	R410A	R410A
Air outlet cone Ø (mm)	400	2x400
Air inlet cone Ø (mm)	400	2x400
Thermostat	✓	✓
Dimensions L*W*H (cm)	167*74*121	225*220*146
Weight (kg)	300kg	527kg
Item number	56.072.000	56.145.000
